Practicing Biodynamic

Soil Type:

Volcanic

Fermentation:

Stainless Steel

Dry/Sweet:

Dry

Body:

2/5

Acid:

4/5

Tannin:

0/5

ABOUT THE WINE

“What you are about to drink is more than just a wine, it is a choice. The choice to safeguard our territory, respecting tradition and ancient methods. It is a mindful, conscious act that helps us and our planet regenerate, that helps the mother earth give the best of her genuinity to you, to your family, and to those around you, settling internal conflicts with humility, modesty and equity. It is a choice that helps us in the first place, because you will give us the chance to keep believing that it can be done, that we can be extraordinary, and the limit is always a grape bunch further away.”- Stefano Menti, winemaker & owner

Stefano Menti’s vision of his role as a winemaker, farmer, and citizen of the earth is truly moving and is a testament to the types of wines and winemakers we champion day in and out. In addition to his thoughtful winemaking approach, it seems he also has a bit of a romantic side as when speaking of wine, he has remarked, “wine is poetry that embraces all 5 senses”! This mix of passion and conscientiousness is what we love about his style and honestly, we have not met a wine of his we didn’t love. This bottling is perhaps one of his most mainstream and approachable styles and when we tasted it a few weeks back we knew it was too darn pretty not to share with you!

So precise on the palate with a minerally apple cidery flavors. Yum!
